

**GREATER VISAKHAPATNAM MUNICIPAL CORPORATION,**  
**VISAKHAPATNAM.**

- Municipal Commissioner B. Ramanjaneyulu received the Euro India Award given for Environmentally Sustainable Cities in Leuven, Belgium, on Friday. The award was given at the Euro India Summit being organised by the Euro India Centre.
- The city is awarded for its overall performance of environmental sustainability with reference to sewerage, storm water drains, power generation and energy management, Carbon emission efficiency, promotion of green areas and other Urban Planning areas, says an official release.

- Mr. Ramanjaneyulu in a statement expressed his happiness on receiving the prestigious international award and said that members of the jury appreciated the efforts of the city management in achieving sustainability, particularly in the areas of solid waste management, street-lighting, water supply and distribution, transportation and ban on the use of plastic.
- The award was given away to the Commissioner by members of the jury -- Vice-Chairman of Euro India Arjit Anand, and other panellists, Kartikeya V Sarabai and Ronne Belman.

Thank you.
